meet. connect. do business.

A real opportunity to do business

The healthcare buildings forum gives you unprecedented access to key decision maker who are notoriously difficult to schedule time with.

Through a tailored schedule of pre-arranged meetings we enable you to develop relationships that pave the way to real business.

A proven model

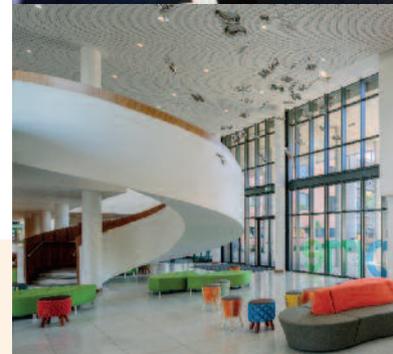

We are the only organisers of sector specific forums connecting suppliers with those involved at every stage of the building lifecycle; including NHS trusts, private providers, care homes, mental health facilities, architects, contractors, local authorities, M&E consultants and other senior professionals involved in specification & procurement.

Our project delegates want to meet with suppliers of...

Flooring, Lighting, Doors, Windows, Theatre Lighting, Operating Room Equipment, HVAC, Medical Gases, Modular Buildings, Hygienic Cladding, Nursecall Systems, Taps & Washroom Equipment, Shower & Bathing Systems, Energy Systems, Entertainment Systems / AV Systems, Fire Alarm Systems, Legionella Control, CCTV & Security Systems and many more....

Types of project areas...

General Hospitals & Emergency Centres, Community Hospitals, Tertiary Hospitals & Private Hospitals, Health Centres, Walk-In Centres & Clinics, University/Laboratory/Research Facilities, Mental Health Hospitals, Nursing & Care Homes, Hospices, Children's Hospitals.

OVER 1 ½ DAYS

TAILORED MEETING SCHEDULE

meet. connect. do business.

Meet with those working on the most active projects in the UK including: NHS trusts, architects, private providers, care homes, mental health facilities, contractors, local authorities, M&E consultants and other senior professionals involved in specification & procurement.

Our forums give our delegates time to focus; away from their day-to-day distractions ensuring better conversations resulting in more memorable and meaningful relationships.

In 2017, we facilitated over 5,000 one-to-one business meetings. It's a powerful endorsement that so many supplier delegates re-book year on year often attending several of our forums.

The Government has announced a forward pipeline of at least £5.7bn worth of capital projects in the healthcare sector from now through 2020 and beyond. The 2017 budget set aside £10bn for repairs and improvements to NHS estates, new buildings and improvements. The ProCure 22 framework will see £4bn worth of NHS facilities built or improved between now and 2020. Overall healthcare construction activity is set to grow by around 1% in 2018 with key growth areas including primary care, dementia care, elderly care and mental health.

What you get

What the suppliers say about our forums...

Knightsbridge Furniture

“ An event that continues to deliver year on year. There really is no other company doing it, in the way that Stable are doing it. With such professionalism, enthusiasm, and sheer hard work whilst still making it fun. ”

Zarges (UK) Ltd

“ The advanced knowledge of who you are meeting and who wants to meet you makes this a far more valuable use of everyone's time than the hit and miss approach typically experienced in most conferences/expo's. ”
